

# Author OLIVER CHIN celebrates *The Year of the Dragon* at MIP - Bergeson Elementary Tuesday, February 6th

Author Oliver Chin shares his new books *The Year of the Dragon* (*Tales from the Chinese Zodiac* series), *The Discovery of Chess*, and *More Awesome Asian Americans* (sequel to the critically-acclaimed graphic novel). The publisher of the original *Octonauts* books, Oliver inspires kids to imagine and create. He will autograph any books you order. Visit [www.immedium.com](http://www.immedium.com).

"The *Tales from the Chinese Zodiac* books are a great gift idea for friends and family"  
— National Association of Asian American Professionals

"Practice makes perfect. That's what [*Julie Black Belt*] learns in her beginning kung fu class along with lessons about dedication and determination... a high-action story that encourages deep reflection despite the action movie look." — *San Francisco Chronicle*

"[In *Amazing Chinese Inventions*] softly colored, cut-paper figures smile... reflecting the infectiously humorous tone. What will the young Kangs dream up next?" — *ALA Booklist*

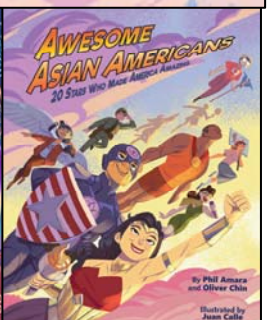

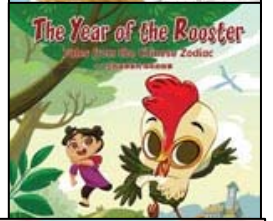

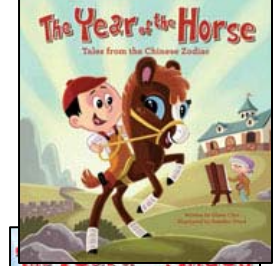

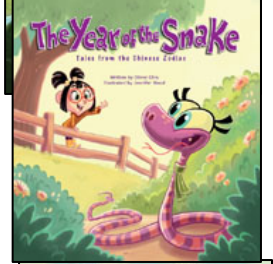

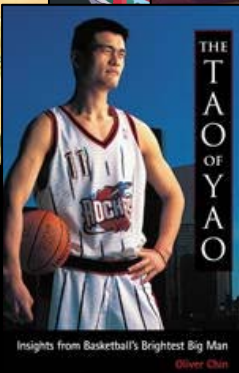

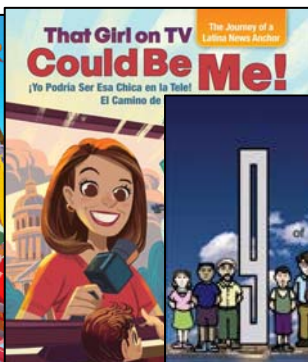

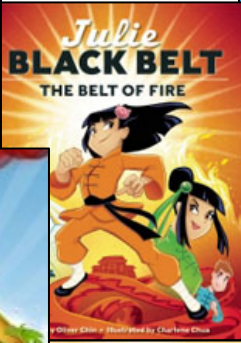

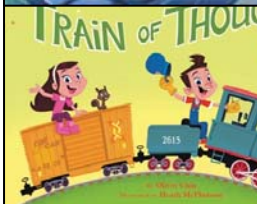

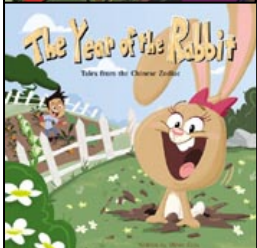

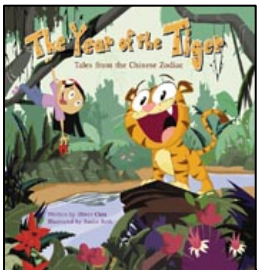

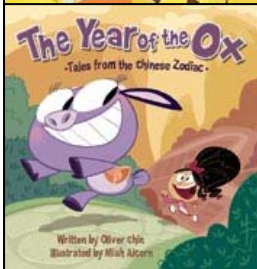

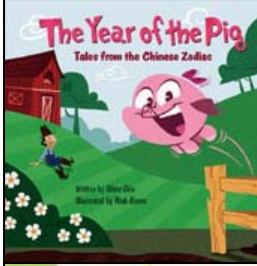

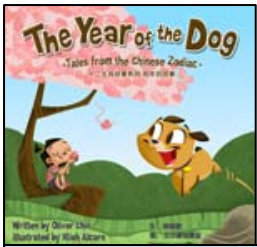

"*Sora and the Cloud*, Felicia Hoshino's rich, clever and appealing book... it is itself a lovely tribute to the joys of soaring high." — *New York Times*

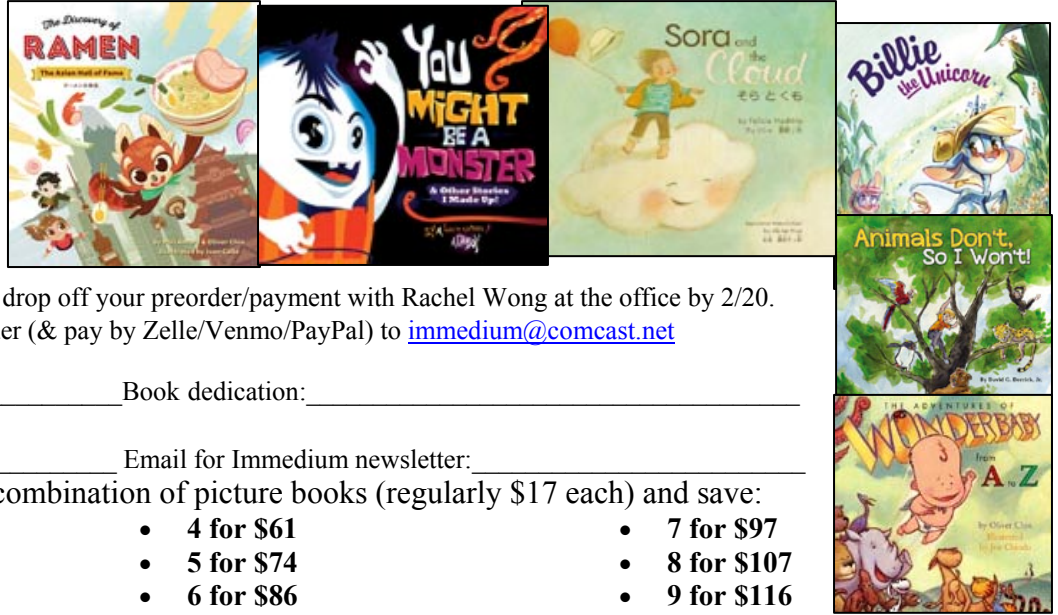

"[*Awesome Asian Americans*] ★ Highly Recommended: Readers will be drawn to the dynamic illustrations and lively, well-structured profiles detailing these high achievers."  
— *School Library Journal*

"*The Discovery of Anime & Manga* moves along with bright bold illustrations... Each page is a love letter to manga, making this a delightful read for children & parents." - *Sampan*

"I usually hate 'cuteness' but [*The Octonauts*] book breaks through to even my cold dead heart. I'm considering making friends with people who have kids, just so I have an excuse to buy, like, a zillion copies." - *San Francisco Chronicle*

"the crowning work by Immedium, in our humble estimation, is *Sid the Squid: and the Search for the Perfect Job...*" — *Reading to Know*

**Sales benefit MIP!**
